

Future Internet Enterprise Systems *RR*

By Michele Missikoff, FInES Research Roadmap Rapporteur

- Goal: identify the main research challenges in a 2020 time horizon. Vers 2.0 with 4 chapters

Ch1. A possible future scenario: Vision and Values

Ch2. Expected (desired) qualities of Future Enterprises (transparent, cloudy, inventive,...)

Ch3. FInES integrating present and future: from Ent Resource Mgt to Continuous Innovation Mgt

Ch4. Emerging Supporting Technologies. From mobile communities to semantics to full integration of people, objects, and services
